

Pipe cover:
The distance from the top of the pipeline to the top of the mounted street cover.

Total length:
Maximum length of extension spindle.

Telescopic length:
Maximum length – minimum length of telescopic extension spindle.

Telescopic length: 450-700 650-1100 1050-1750 1400-2300 1700-2900 2850-5250
